

AN ARTIST'S NOTEBOOK

To make this you will need something somewhat sharp to score with. I use the edge of a metal ruler. You will also need a ruler, glue, tape and a 5" x 8" (12.7 cm x 20.3 cm) memo pad.

GLUE FLAP

TAPE

Cut out the printout of the cover.
Score all the dotted lines.
Fold and glue the flap to make a little pocket.

Tape the cover to the back of the memo pad.

Now you have a portable notebook to write lists of things to create. Make Art!
